About The Program:

Department of Management Studies had Organized Guest Lecture on effect & Affect of demonetization on Economy & Common people .The session was conducted by CA Randhir Gujrathi . He was felicitated by Prof (Dr.) Prashant Patil . While addressing the students firstly he gave a brief introduction about what actually Demonetization means. he also told when were such step taken by government previously. He also briefed on why does government takes such kind of bold Decision & in fact he said that it is usually done to curb the corruption & bring out the black from the economy. He guided the students on what would the effect of demonetization on Indian economy & Industrial Growth. Various aspects such as challenges faced by the government in implementing the decision & difficulty caused to the common people as a result of demonetization were also discussed . He also pointed out that this decision will have negative impact on GDP for short term but it in long run it will surely add a positive effect. One of the reason stated by him was that it would also help making India Digital & move towards a cashless India .Lastly students doubt were also cleared through Question & answer session.

Outcome: - Students were able to understand the Effect of Demonetization on Indian Economy as well as common People
