**About The Program:**

*MBA –II Students visited Swastik pulp and paper Pvt Ltd on 28th August 2019. The firm is basically of paper manufacturing which is used for making boxes , cartons and other packaging items. It was established in the year 2005 and firm is built on the three acres of land. And main highlight point of their firm is, they are using recycled products as their raw material and another point is reusing the same water for whole production. Raw materials are mainly imported from America, Sri Lanka, China, UAE and also from domestic cities like pune, Mumbai, etc. Customers are basically from UAE, China, Sri Lanka and America and the export rate of the firm is 80 percent. Raw materials sorting is done according to the moisture and quality. And sorting is done manually, 30 to 40 labour are employed for bifurcation of raw materials. Colony area is developed for workers and employees, and 120 employees are there in the firm. Approx monthly production of the firm is 1200 tonnes and monthly turnover is 4-5 crores. Small parts which are required for manufacturing are manufactured in the firm itself as it is cost effective. Production is*

*done using electricity as well as burning coals. Coals used are of two types and its been brought from other states. Production is done 24 X 7 & there is no stoppage of production due to boiler. Papers are produced according to the order given by the customers. Converting the raw material into a pulp is the primary stage afterwards corn starch is added then steaming and rolling process is followed. They export their goods mainly through sea ways for cost reduction. in the purchase order all things are specified like quality, rim, color of paper, etc.*
