**Webinar on Future Jobs in India after Covid 19**

\*\*\*\*\*

***Event Title: Guest Lecture on “Importance of LinkedIn in Professional World”***

***Date: 07<sup>th</sup> May 2020***

***Conduction Duration: 1Hours***

***Resource Person: Dr G. Sathis Kumar*** (Associate Professor , School of Management,  
Presidency University, Bengaluru, Karnataka.)

***Coordinator: Dr Rakesh Patil & Dr Tushar Savale***

***Objective:***

***1. To Discuss regarding the Jobs Scenario and Job Culture in India after Covid 19***

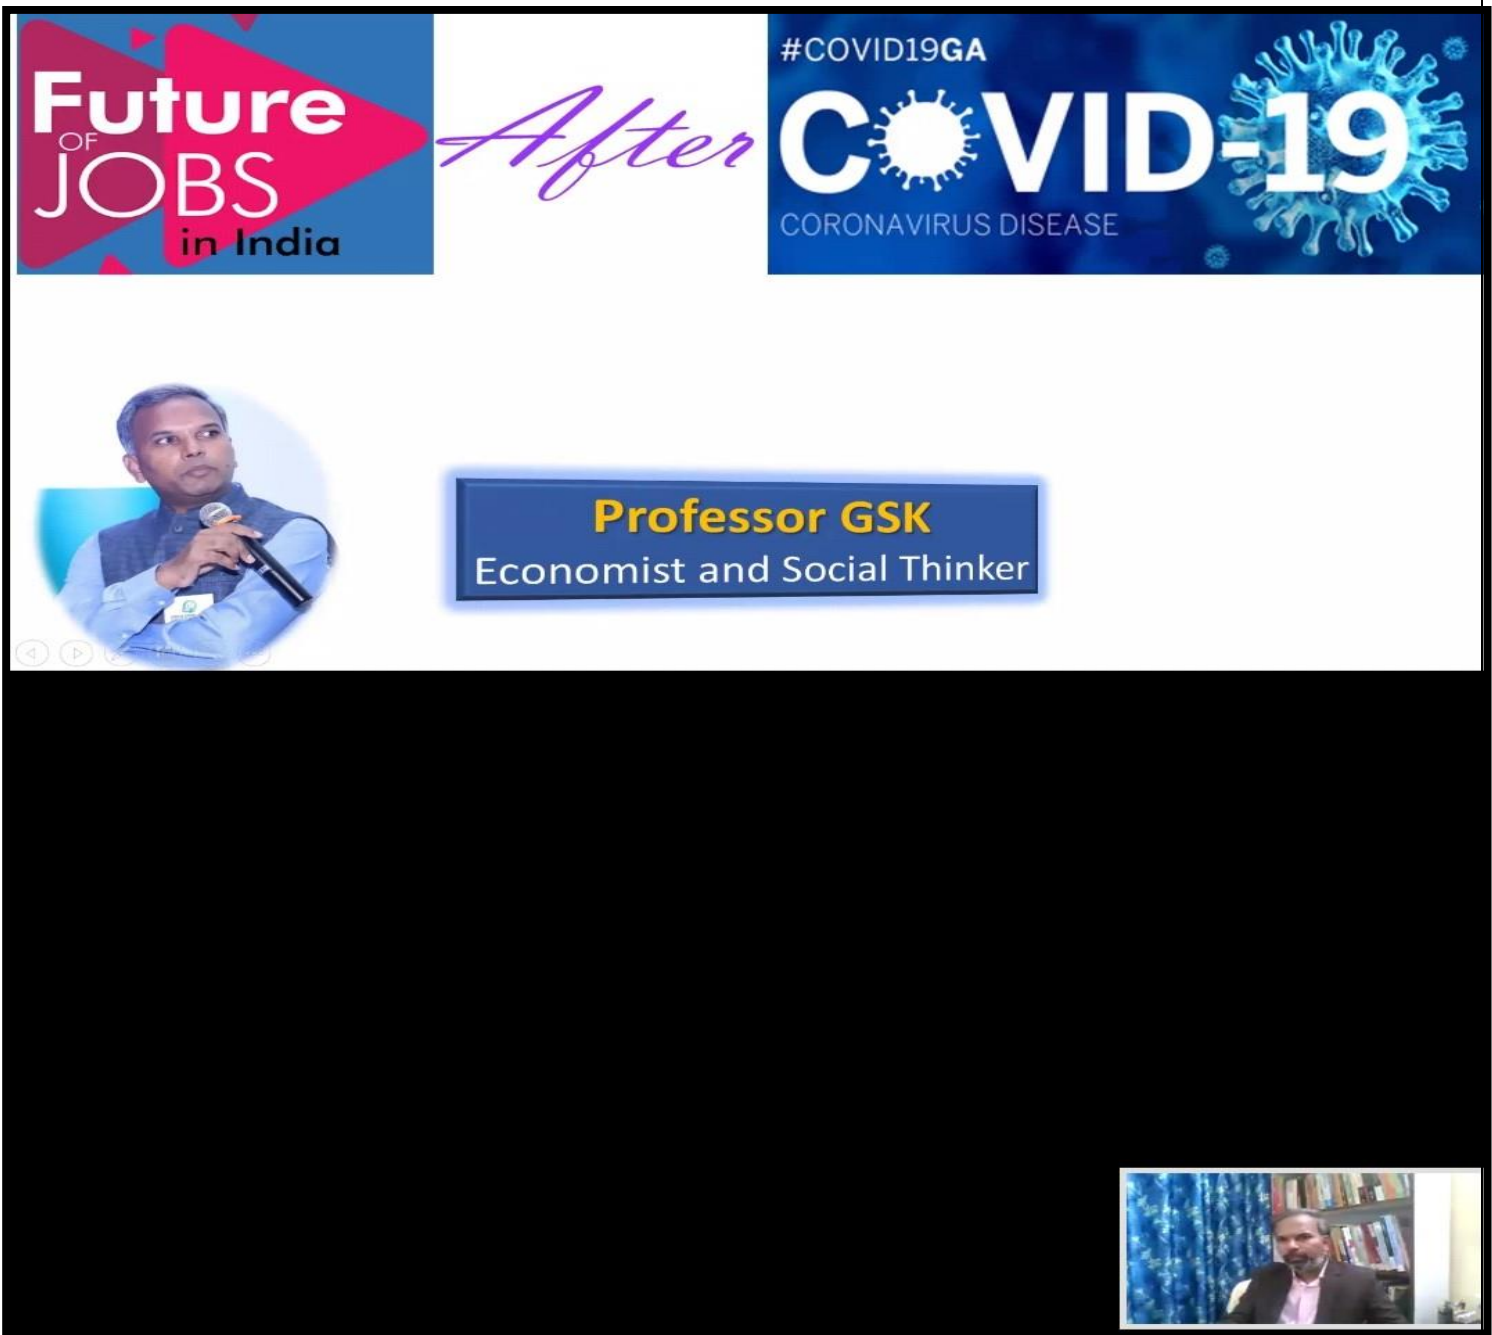

***About The Program:*** Department of Management Studies had organized Webinar on Future Jobs in india after Covid 19. The session was conducted by ***Dr G. Sathis Kumar***((Associate Professor , School of Management, Presidency University, Bangalore, Karnataka.). well we could probably say that this was most relevant topic to have a webinar on the Job scenarios. Since the outbreak of Covid -19 everything has come to pin drop silence and stand still. And each and every one is worried about future be it a business man farmer manufacturer doctor or employee. Because once the lock down is lifted up the things won't be definitely the same as they were earlier so jobs are no excuse for this. Dr GSK in his session discussed the 10 trends we could find after Covid 19 . he said that it will take 2 financial years to recover the economic situation. He added the concept of permanent jobs will diminish. There would be new ways teaching. He also added there is need of up skilling and re skilling. Here after companies will be looking for candidates having various skills sets and who would be technology driven. He also highlighted the jobs that will grow after Covid -19 and those jobs are technology driven. There would be new ways of learning. Overall

he said that employees will be looked from different perspective and then hired .also pointed out the positive aspects of this lockdown he said people are taking up new courses and certification in their respective field as they are getting extra time for learning new things. Lastly we had question and answer session. The session was quite informative and it worked as an eye opener session for the Participants.

***Outcome:***

- 1. Participants got a brief idea regarding the Job Situation after Covid -19***
- 2. participants came to know about need of Up skilling and re skilling***

# 100 Million And More Indian Jobs Are At Risk After COVID-19 Lockdown. Is Your Job Safe?

Post-lockdown, the world of work won't be what we used to know. For many, the uncertainty of livelihood would likely linger much longer, and be no less painful.
