Conduction Duration: 2Hours

Venue: MBA Class Room

Resource Person:

1)Dr Lurion Mario, Senior Lecturer , Macquarine University, Sydney, Australia

Coordinator: Prof PrabodhanPatil

Objective:

- 1. To highlight the importance of overseas opportunity***
- 2. To provide Insight on how to elevate academic career via overseas internship***

About The Program: Students and faculty members of Sandip Foundation’s Department of Management Studies had a golden opportunity to interact with the dynamic lecturer Dr. Lurion Mario, from Macquarine University Syndey Australia who is also a course director for the Bachelor of Applied Finance. During his interaction with the students he highlighted the importance of doing internships during the course, and that too with an overseas University which gives a competitive edge over the other students. He also stated that such an opportunity provides management students with a platform to improve their employability skills and add value to their academic careers. At Macaquarine University students will be able to learn various facets of management and will get the opportunity to work on live projects in the fields of Finance, Marketing, HR & Operations. Through this internship, students will learn about cross-cultural ethics and values; ,various dimensions of international business will also be learned. Additional benefits that students can capitalize on from this internship include expanding their global network, growing their global understanding, and getting the opportunity to learn and develop language skills. He was quite enthusiastic about interacting with and answering the queries of the students and is looking forward to a positive outcome from the interaction.

Outcome:

1. Students came to know how to elevate their academic career through overseas internship
