Report on Corporate Social Responsibility**

---

**Event Title:-Corporate Social Responsibility Activity at Sharan - Animal Welfare Organization**

**Date: - 20<sup>th</sup> May 2023**

**Conduction Duration: One Day**

**Venue: Pathardi Fata, Near Nehru Garden, Mumbai-Agra National Highway, Nashik.**

**Coordinator: Prof. Neha Wankhede.**

**Objective :**

- **Educational Experience:** The primary objective of the visit was to provide our students with a unique educational experience that goes beyond the classroom. By visiting Sharan - Animal Welfare Organization, we aimed to broaden their understanding of animal welfare issues, introduce them to the challenges faced by animals, and promote empathy and compassion towards them.
- **Insight into Animal Welfare Programs:** We wanted our students to gain insights into the various programs and initiatives undertaken by Sharan to promote animal welfare. By witnessing the organization's operations first-hand, they could understand the complexities involved in providing shelter, care, and rehabilitation to animals in need.

**About visit:**

On 20<sup>th</sup> May a group of thirty students and one faculty members from MBA SITRC had the privilege of visiting Sharan - Animal Welfare Organization as part of our college's Corporate Social Responsibility (CSR) activity. This visit aimed to provide our students with an opportunity to learn about animal welfare issues, witness the impactful work carried out by Sharan, and foster a sense of empathy and compassion towards animals.

We were welcomed by the dedicated team at Sharan, who provided us with an informative introduction to the organization's mission, history, and ongoing programs. This overview helped us understand the significant contributions made by Sharan towards animal welfare. Led by knowledgeable staff members, we embarked on a guided tour of the animal shelter. We had the chance to observe the living conditions, care facilities, and adoption processes in place. Witnessing the commitment and compassion with which Sharan provides shelter and care to animals in need left a lasting impression on our students. This hands-on experience enabled them to understand animal behavior, witness the impact of nurturing and care, and deepen their empathy towards animals.

**Outcome of the Visit:**

- Increased awareness and understanding of animal welfare issues.
- Development of empathy and compassion towards animals.
